12.10' Setback. Seeking relief of 2.9' (screened porch).

**NOTE – front yard variance previously granted is NOT changing** - The required front yard setback is a minimum 10 feet. Applicant is granted relief of 4 feet for the main house overhang resulting in a 6 foot setback for the area of the overhang.

At tonight's meeting Ron Mogren expressed concern that perhaps the house is too large for the lot. Jim Blau explained that the Association by-laws require each home to have a two car garage and because of that he's seeking a variance. Jim explained that the original variance he sought was based on a 1983 plot plan. Jim and his builder discovered when reading the by-laws that the road was moved over 10 feet taking 10 feet from the lot. In the by-laws there is a description entitled "Revised Grading Plan", however, the deed does not show that the road was moved 10 feet.
